

Highly flame-retardant, low recovery temperature, heat-shrinkable tubing

Versafit heat-shrinkable tubing is a cost-effective choice for many commercial and military applications. Versafit tubing is made from a specially formulated, crosslinked polyolefin to provide high flame-retardance (VW-1), excellent flexibility, and a low shrink temperature (to reduce installation time).

Versafit tubing performs a variety of functions in commercial and military applications:

- Electrically insulates and protects in-line components, disconnect terminals, and splices.
- Bundles wires for very flexible light-duty harnesses.
- Identifies or color-codes wires, cables, terminals, and components. Versafit tubing hot-stamps extremely well.

Compared to noncrosslinked materials, Versafit tubing has a higher temperature rating and exhibits better

thermal stability and resistance to physical abuse.

Unlike other typical flame-retardant tubings, Versafit tubing is free of polybrominated biphenyls (PBBs) and polybrominated biphenyl oxides and ethers (PBBOs/PBBEs). In Europe, these chemicals are classified as environmentally hazardous substances.

Temperature rating

Full recovery temperature:	90°C
Continuous operating temperature:	-55°C to 135°C

Specifications*

Type	Raychem	UL	CSA	Military
Versafit	RW-3009	E35586 VW-1 600V, 125°C	LR31929 VW-1 600V, 125°C	AMS-DTL-23053/5 Classes 1 and 3

*When ordering, always specify latest issue.

Dimensions (millimeters/inches)

**Wall thickness will be less if tubing recovery is restricted during shrinkage.

Ordering information

Colors	Standard	Black, white, red, blue, yellow and green
	Nonstandard	Brown, orange, violet, and gray
Size selection	Always order the largest size that will shrink snugly over the component being covered. A variety of special order sizes are available.	
Standard packaging	On spools.	
Ordering description	Specify product name, size, and color; for example, Versafit 1/4-0 (0=Black).	

Specification values

	Property	Unit	Requirement	Method of test
Physical	Dimensions	mm (<i>inches</i>)	See reverse	ASTM D 2671
