

Cordless Air-Cooling Hot Knife Rope Cutter KD-DC100-3

Cordless rope and hot knife cutter with R blade. The ideal solution for all your outdoor cutting applications. The knife will seal the edges of most synthetic materials with little effort. It heats up to 400°C in seconds.

The standard R blade is suitable for cutting rope up to 17mm in diameter and prevents the rope or braids from fraying.

- Cordless design for cutting small quantities and continuous operation
- To cut and seal synthetic fiber products, such as ropes, bands, belts and fabric
- You can cut them anywhere
- More convenient without limit of power supply and power cord
- Temperature up to 400°C in seconds
- Advanced, long-life Li-ion battery
- Light weight (with battery and blade), only 0. 7 KG
